

TX11 Ø250 ultra conical

-For concrete wells with cone

Model no.: 15 43 91 327

Tolerance inner pipe measurement: **Ø217 – Ø222 mm**

Nordic Innovation's rat blocker TX11, universal to conical, is intended for installation in concrete wells in 1000/1250 mm with conical ending.

The rat blocker is equipped with a reversible valve system, which allows it to be installed in both the inlet and drain side.

In wells with a depth greater than 1 meter, the rat blocker can be installed using an alignment rod Model no. 15 43 90 801. Length 1 m.

An alignment rod can be extended with an alignment-extension Model no. 15 43 90 802, the length 1 meter per. unit.
